## KEEPING THE HOME YOUNG

We grow to reflect our surroundings—so they tell us. And surely we cannot expect to keep young in a house that has become moss-grown, with scarcely a modern thing added from year to year.

If you are out of touch with furniture progress, yet would like to bring fresh newness into your home, consult with us. We would like to have you view our enormous daylight displays of the newest of new furniture and furnishings. We will gladly make suggestions for furnishing a single room or an entire house in correct fashion.

And whatever your choice may be, for living room, dining room, kitchen, library or bedroom, you can rest assured that it is staunchly made throughout, reasonable in price and will give lasting satisfaction.
